

# Technocratic Resets, Prophetic Matrix & Christmas Hope

*"Just as Klaus Schwab and the WEF hoped, the Covid-19 crisis has accelerated the development of the Great Reset's corporate-socialist statism."*

- **Michael Rechtenwald, The Mises Institute, December 17th, 2021**

*"You may not be interested in politics, but politics is very interested in you."*

- **Leon Trotsky, Communist Revolutionary (1879 - 1940)**

*"If the vaccines work, then how are unvaccinated people a threat to vaccinated people? If the vaccines don't work, then why take them in the first place, and why mandate them?"*

- **Brandon Smith, Blogger at AltMarket.com**

*"If we abide by the principles taught in the Bible, our country will go on prospering and to prosper; but if we and our posterity neglect its instructions and authority, no man can tell how sudden a catastrophe may overwhelm us and bury all our glory in profound obscurity."*

- **Senator Daniel Webster (1872 – 1852)**

*"We have the prophetic word made more sure, to which you do well to pay attention as to a lamp shining in a dark place."*

**Winter Solstice Greetings to All,**

As we conclude 2021, it is important to see where things are going in 2022. Momentum is building for both a **monetary and technocratic reset** being engineered by an elite managerial class. The Covid-19 Plandemic is fitting neatly into their agenda, and this is also fulfilling a **prophetic matrix** as outlined in the **Bible**. We'll take a closer look at this; but first a review of markets and the **outlook for metals**.

# Epic Market Crash Coming & Metals Update

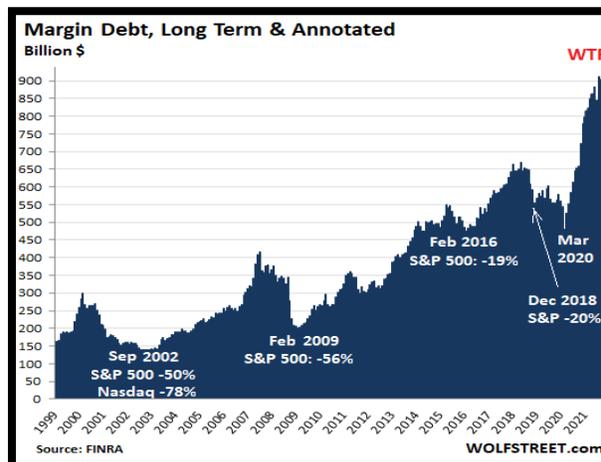

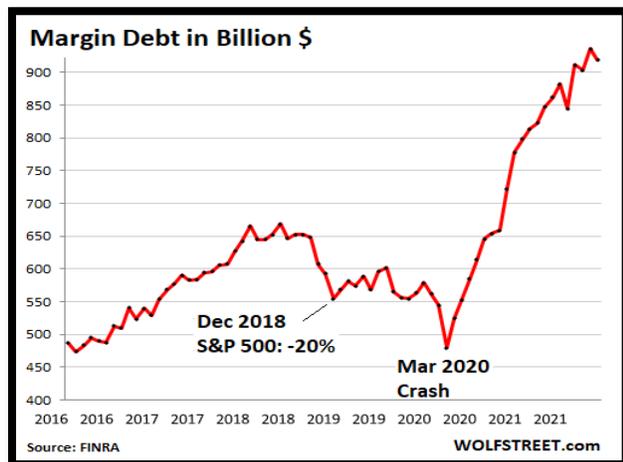

"The market is behaving like a shoal of sardines; dodging, diving and swimming in a coordinated mass to snap up the latest trend, theme or FOMO thread. However improbable the stock, SPAC or crypto might be – the mob will swim with it." - **Bill Blain, Market Analyst, Shard Capital**

**John Maynard Keynes** once said that the markets can remain irrational longer than you can remain solvent. As noted above, the root cause of this irrationality has been caused by the global central banks, and more precisely the Fed. Central bank policy since 2009 has created a massive wealth gap that will surely result in social unrest, and especially as the Progressive Welfare State becomes increasingly unsustainable (theme of my book). As Swiss money manager **Matthew Piepenberg** has recently warned the global economy is about to "crater" and concludes that no matter what the Fed does "...they can't print away, hike away or repress away an economic recession, which will likely be the bottom-up straw that ultimately breaks this artificial market's back." Chief among the crimes committed by the banksters is the not-so-hidden "inflation tax" imposed upon consumers as seen here.

A debt-based monetary system thrives on inflation (new debt to pay the old debt). The official CPI states that inflation is 6%, but home prices have gone up 18%, or three-fold! And as **MN Gordon** explains in **THIS** fine article, the government is stoking a RE bubble by buying \$40 billion in MBS debt and loose lending practices at the GSE level, that has now resulting in wholesale moral hazard and a new deflationary affect on RE when resulting loans are underwater with foreclosures and REOs.

Equally concerning is the extremely over-valued stock market. Last week, the Nasdaq Composite Index suffered a big drop, and the Martens [say this is a "sobering look at what is to come"](#) noting that Tesla has a P/E ratio of 302 with no dividend, Amazon has a P/E ratio of 67 and Adobe is around 54, and the same goes for the entire Tech sector. In addition, to this risk-on atmosphere is the massive margin-debt that is being used to fuel this speculative mania. Below are graphic illustrations:

And it should be noted, that it was margin-debt and stock buy-backs that caused the 1929 Crash. [In his usual pithy manner, Charles Hugh Smith predicts the day when risk-on becomes risk-off:](#)

***"Risk off begets risk off, and once the 'buy the dip' crowd runs out of cash and gets hit with margin calls, the leak of selling turns into a flood. Those with no experience of cascading declines will naturally hold on as their margin calls pile up, expecting the Fed to save the day or the buy-the-dippers to rescue everyone with yet another manic rally. But when the Fed's fundamental powerlessness is revealed and the buy-the-dippers have been forced to liquidate, the true meaning of 'mild' contagion will become apparent, too late for those who thought being fully invested was a can't-lose strategy."***

Should this concern you? Yes indeed. Even if you don't own a single stock - too many do. And we are talking pension funds and institutional money chasing yield. As Wolf Richter [has concluded](#) in his charts above, margin debt "...will become the big accelerator on the way down." Look out.

## The BIS Basel III Accord & Repricing of Gold!

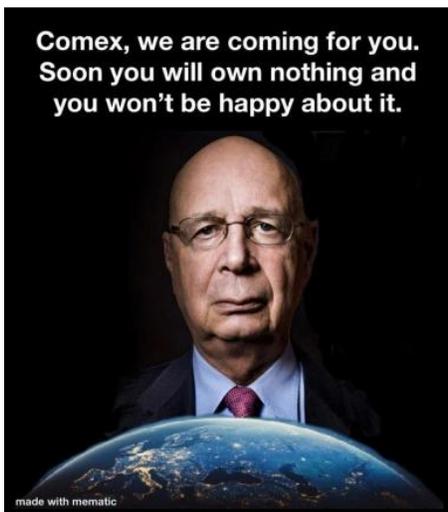

Gold is the ultimate risk-off asset to own today. Indeed, demand for gold and silver has been very strong ever since Biden took office, *but this begs the question, why have gold and silver "spot prices" remained FLAT in the midst of historic inflation, while cryptos and everything else is catching a bid?* It does seem a bit strange does it not? For regular readers, we know that the banksters are desperately suppressing the "paper gold" price at the London LBMA and the NY COMEX. As the folks at [Gata.org have recently reported](#), "For many years gold investors have hoped that the gold price suppression would be ended by the steady accumulation of gold by the governments of Russia and China. Both governments are fully aware of Western gold price suppression policy and its purposes and aware of the vulnerability of the U.S. dollar and other Western currencies to any free market in gold. Any government with a sizeable foreign exchange reserve -- not just Russia and China but even South Korea -- might easily blow up the markets by selling U.S. Treasuries and buying gold."

**Importantly, this report continues:** "That this has not yet happened despite worsening geopolitical tensions around the world suggests that all major central banks are still cooperating in gold price suppression through the **BIS**. This also suggests, that if gold is to be **revalued** outside the pressure of the 'paper gold' created by the derivatives system, **it will come as a result of central bank cooperation**, as hypothesized years ago by the U.S. economists Paul Brodsky and Lee Quaintance and the Scottish economist Peter Millar in **2012**." And what did these economists conclude? **Here it is:**

***"The key to a successful transition is a credible monetary reset. Gold is the default collateral for money because it has a long and established precedent in this role. All that would be needed would be a fairly equitable distribution of gold among global monetary authorities (taking place now?), and an agreed-upon exchange rate vis-a-vis baseless paper. It would have to be an exchange rate at which central banks could successfully monetize assets by tendering for physical gold with newly manufactured paper money, an exchange rate high enough to attract enough gold to cover unreserved credit held in the banking system. It's a high figure."***

**How high is this figure?** Experts like Rickards, Sinclair, Turk, Leeb, Schiff, Casey and others suggest somewhere between **\$10,000 - \$20,000/oz.** to restructure global debt during a **monetary reset**. You can link the **above report** and PDF at [THIS LINK](#). After the GFC in **2009**, the evil banksters at the **BIS** proposed the **Basel III Accord** to move **gold** to a **Tier 1 Asset** (to recapitalize the failed monetary system). This day has arrived. This accord finally becomes effective **January 1st, 2022**. Do you sense some urgency here? You bet, but the case for **silver** is even more to the extreme right now!

## **Basel III Accord & The Case for Silver Today!!**

**So, let's talk about silver,** my favorite subject. If **gold** is going to the moon, the case for **silver** is even more bullish! Why do I say that? As **Dominic Frisby** [states in a recent article](#), **the gold/silver ratio strongly favors silver**. "On a historical basis, silver is probably cheaper than anything else. The ratio of gold-silver in the earth's crust is 1:15 – there is 15 times as much silver... But today the average isn't 15, it's 77. If we were to go back to the historical average, and the gold price were to remain around \$1,750 an ounce, silver would go above \$115. And here we are today with silver at \$22.... But there are three inevitabilities in life: death, taxes and the fact that one day silver is going back to **\$50**. I'm certain of that; if only we knew when. When it does go to \$50 it will move with the speed of a crypto currency you've never heard of – so much so, that it will be hard to get on board."

Did you catch that last part? As I said, the demand for metals have been robust since **Trump** left the scene (people were too complacent for 50 months). Premiums are up, shipping delays and scarcity. If you don't get silver NOW, you will not be able to get it later. Physical silver is being drawn off the fake **COMEX** paper exchange in NY. According to Andy Schectman, 300 million ounces of silver were drawn out of CRIMEX in 2020, and even more in 2021 and 2022 will likely break up the fraud with delivery defaults - this will be huge! **COMEX** was set up in **1975** for the express purpose of manipulating "price" and discouraging investment. This crime syndicate makes it very difficult to take delivery of physical silver (they don't have). In [THIS SHORT CLIP](#), you can see how one investor had to struggle with **COMEX** to get delivery (actual recordings and data!). No surprise here, but the **evil bankers** are running scared. Silver expert Ted Butler sees a price explosion coming. "All we need is some minor price gains to \$30 or less to get silver going on its inevitable journey to the heavens. In fact, the basic story of the decades-old **COMEX** price manipulation is simply to prevent the slightly higher prices that would set off the stampede into silver. But that manipulation is now older than the hills and the big commercial crooks have positioned themselves to withstand the full fury of the coming silver price surge. The biggest silver crook of all, **JPMorgan** and its friends and family, with many hundreds of millions of silver ounces, are set to make the most when the silver price goes boom.... So, all that's missing for the silver price juggernaut to get rolling is some much smaller price pop to get the train in motion." The solution to low prices is low prices. Keep stacking on the cheap.

## Social Engineering & Technocratic Reset

Let's now address the more sinister reset that is being planned for humanity. The global elite have made it no secret that they intend to exploit this pandemic to force a **Fourth Industrial Revolution, Build Back Better, Agenda 2030** (The Great Reset). As **Michael Rechtenwald** (Mises) has stated, "Just as **Klaus Schwab** and the **WEF** hoped, the **covid crisis** has accelerated the development of the Great Reset's corporate-socialist statism. Developments advancing the Great Reset agenda include the Federal Reserve's unrestrained printing of money, the subsequent inflation, the increasing taxation on everything imaginable, the increased dependence on the state, the supply chain crisis, the restrictions and job losses due to vaccine mandates, and the prospect of personal carbon allowances. Altogether, these and other such policies constitute a coordinated attack on the majority. Ironically, they also represent the 'fairness' aspect of the Great Reset—if we properly understand fairness to mean leveling the economic status of the average American with those in less privileged regions. And this is one of the functions of woke ideology - to make the majority in developed countries feel unworthy of their privileged lifestyles and consumption patterns, which the elite are in the process of resetting to a reduced and static new normal." **Rechtenwald then concludes** that **Western states** are increasingly being transformed into totalitarian regimes modeled after China"

Let that sink in. The long-term goal of **technocracy** is to control humanity in the exact same manner as the **Chicoms in Beijing!** That is why this is not about ideology. It is a battle between collectivism and individualism - simple as that! These psychopaths are **hardcore control freaks** and the rest of humanity are **their victims**. Their sinister weapons are fear, panic, deception, disinformation, biased fact-checks, hatred, divide and conquer, fake news and complete control of their fake narrative.

**BEWARE AND BE AWARE OF THE THE GREAT RESET**

**WEF's sinister weapons**

**WEF (World Economic Forum)** is a shady global NGO that believes in a globalized world that must be governed by multinational corporations (Big Tech), global elite, governments, and selected civil society orgs. They enact their agenda with initiatives like the "Great Reset", "Event 201", "Cyber Polygon", and the "Global Redesign". They develop simulations to combat perceived global threats, curiously, **these threats become reality just after they simulate them.**

➤ **Event 201**

In October 2019, before the outbreak of the pandemic, a series of **role-playing simulations of a destructive corona pandemic** was war-gamed by the Bill & Melinda Gates Foundation, the World Economic Forum, and Johns Hopkins University.

➤ **The Great Reset**

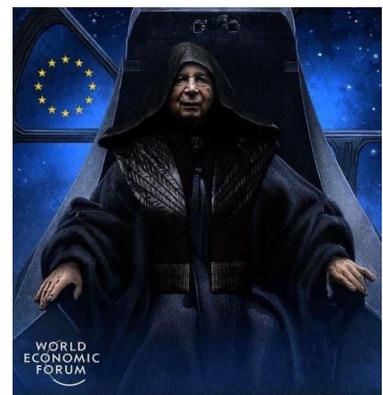

Plan of global one-world government hatched on June 2020 in response to the Covid-19 pandemic. Goals include change from democracy to socialism, removal of national borders, mass surveillance and tracking via digital unique ID, one currency, centralized housing, removal of privacy, the police state, climate change initiatives, conservation of resources, and racial equality.

➤ **Cyber Polygon 2021**

A hacking simulation on July 2021 to combat a cyberattack on the power grid, communication, transportation, companies, banks, and the internet. Call it the power button on all services. It was dubbed the "cyber-pandemic of Covid-19 proportions".

Take no part in the worthless deeds of evil and darkness; instead, expose them. - Ephesians 5:11 NLT

At the center of The Great Technocratic Reset is this little German psychopath **Klaus Schwab**. Who is this man? Who appointed him as Emperor over humanity? He is a mechanical engineer that founded the **World Economic Forum** in **1971** as a public-private partnership to favor "stakeholders" (collectivism) vs "shareholders (individualism) as stressed throughout their website [RIGHT HERE](#). Of course, the merger of government and private globalist corporation is the very definition of **fascism** promoted by the **UN Agenda 2030**. *Herr Schwab* has **17** honorary degrees and medals of honor, His organization is based in **Geneva** with a staff of **700** busy-bodies and foreign offices in both **NY** and **San Francisco**, while his son **Olivier** heads up their operation in **Beijing** to learn how to perfect a **tyrannical surveillance society** with social credits and gulags. Millionaire Klaus says that "high salaries are not socially acceptable" (except his) and the **WEF** pays no taxes.

In typical hypocritical fashion, the *uber* wealthy and powerful elites talk down to humanity as a lower class of inferiors who need their expertise. According to [Merriam-Webster](#), **technocracy** means "...the management of society by technical experts." The notion of elections, free markets, individualism and freedom are *anathema* to these new architects of The Tower of Babel. **Pat Wood** is the author of *Technocracy Rising*, and has written the **Foreward** to [my book](#). You can learn more about this arcane topic at his website [RIGHT HERE](#). In my book (p. 135), I refer to these social engineers as "bored billionaires." In other words, they are obsessed with their self-importance and they have a penchant for molding humanity into their own likeness and image. They want to use political power to impose their will on the masses. As **Trotsky** once said, "You may not be interested in politics, but politics is very interested in you." And this is the essence of **The Great Reset**. As seen below, they anticipated this plandemic and see "a window of opportunity" to implement the **WEF** goals and eventually into world governance. The looming fiscal crisis will trigger a **monetary reset** leading to their **great reset**.

**WORLD ECONOMIC FORUM**

**THE GREAT RESET.**

One currency. Mass surveillance. No privacy. Universal Digital ID. Controlled Media. One World Government.

Inform yourself of the following global agendas by the WEF, IMF, and UN. The World Economic Forum desires to remove every right that you have. Do your own research. **Don't trust paid fact-checkers.** And may the Lord guide you in this hour.

**THE GREAT RESET is also known as...**

- **THE FOURTH INDUSTRIAL REVOLUTION**
- **BUILD BACK BETTER (6uild 6ack 6etter)**
- **UN AGENDA 2030**

World Economic Forum creates simulations to combat any perceived threats to global survival. **Curiously, their simulations become reality after the planning stages.**

Simulation Name	Real Life
<b>EVENT 201</b>	<b>ACCOMPLISHED</b>
Simulation of a coronavirus-like epidemic that detailed the origin of the virus, community transmission, pandemic response, media handling and scenario initiated by WEF and Bill Gates Foundation on October 2018.	
<b>GREAT RESET</b>	<b>PROCESSING</b>
Plan of global one-world government, one currency, no privacy/no personal property society hatched on June 2020 in response to the Covid-19 pandemic in the name of climate change and equality.	
<b>CYBER POLYGON</b>	<b>FOR EXECUTION</b>
Hacking simulation on July 2021 to combat a cyberattack on the power grid, communication, transportation, companies, banks, and the internet. Total blackout of all services. Dubbed the "cyber-pandemic of Covid-19 proportions".	
<b>GLOBAL REDESIGN</b>	<b>PLANNING STAGE</b>
Simulation to redesign global governance to control WEF's perceived threats and risks.	

**R**

Take no part in the worthless deeds of evil and darkness; instead, expose them. - Ephesians 5:11 NLT

As **Rechtenwald** [says](#), "Schwab sees the Fourth Industrial Revolution as an exponential takeoff and convergence of existing and emerging fields, including Big Data; artificial intelligence; machine learning; quantum computing; and genetics, nanotechnology, and robotics. The consequence is the merging of the physical, digital, and biological worlds. The blurring of these categories ultimately challenges the very ontologies by which we understand ourselves and the world, including what it means to be human." The so-called vaccines are a threat to humanity and to the **human gene pool!**

# "Pharmakeia" & the Road to Medical Tyranny

*"If the vaccines work then the unvaccinated pose no threat whatsoever to the vaccinated. If they don't work, then why are they trying to mandate them in the first place?" - Brandon Smith*

After almost two years of fear porn, the verdict on the so-called vaccines is in: They don't work. That's right, and they know it. **Big Pharma** is a reference to the **Greek** word that literally means "sorcery, witchcraft, magical arts and poisoning." In the last days it says that "the nations" were deceived by "sorcery" (Rev. 18:23). This **global plandemic** and introduction of **mRNA** gene-altering experimental drugs into the human genome has been predicted as the "**Pale Horse**" and a worldwide "pestilence" (Rev. 6:8). As we shall see later (p. 12), this is leading to the **Mark of the Beast System** that will require a government **biochip** to "buy or sell" in a technocratic surveillance society modeled after **Communist China**. It is the stated goal of the **WEF** to impose **medical tyranny** complete with personal QR Codes, 5G technology, digital ID and digital currency.....and the hour is getting late.

The **CDC** (Center for Damage Control) has promoted the **clot shots** from Moderna, Pfizer and J&J under an **Emergency Use Authorization** (to avoid liability) until this "drug trial" ends in **January 2023**. In other words, an **EUA** is only permitted if there is no *safe and effective* alternative, such as **Ivermectin**, and this is why they have banned **Ivermectin** as a "non-approved" treatment. Now comes a "**pill**" by Pfizer that is nearly identical to **Ivermectin** and **90%** effective! The **CDC** has also cleverly altered the definition of "vaccination" from prevention and immunity to merely "protection" in the age of **Covid**. And this "protection" is no protection at all, and repeatedly calls for booster shots forever.

Vaccination (pre-2015): Injection of a killed or weakened infectious organism in order to prevent the disease.

Vaccination (2015-2021): The act of introducing a vaccine into the body to produce immunity to a specific disease.

Vaccination (Sept 2021): The act of introducing a vaccine into the body to produce protection from a specific disease.

Senator Rand Paul has had the **Wuhan virus** and now makes a strong case for natural immunity, saying, "...there's no reason for the government to be mandating a vaccine, particularly on people who've already had the disease." It is estimated that **60 million** people now have **natural immunity**.

According to a FOIA request by [The Informed Consent Action Network](#) they discovered that the CDC cannot find "one documented case" of a person with **natural immunity** transmitting the virus. But you will never hear this in **the complicit media** (profiting from 24/7 Big Pharma TV ads \$\$). And all we hear from the **White House** is *Vaccine Mandates! Mandates! Mandates!* As **Red Jahncke** has reasoned in a recent blog, "The new antiviral treatment pills for COVID-19 dramatize further the original illogic of mandates: If vaccines and boosters and treatment pills are even more effective, then unvaccinated people pose virtually no threat to vaccinated people." Unfortunately, we are not dealing with logic, reason or common sense; but *pure emotion* and fear as **J.P. Sears** illustrates in **this clip**:

### **J. P. Sears: Why Life Jackets Should be Mandatory?**

This clip perfectly demonstrates the twisted logic of mandates. We have a pandemic of **stupidity!** By now, it should be clear that this **Big Pharma-funded plandemic** is not about *health and safety*, but control, depopulation, genocide and greed! People in the world are fighting back, and so far in the US we are using legal remedies. **The Fifth U.S. Court of Appeals** issued an emergency stay of the **Biden** business mandate, saying it raises "...grave statutory and constitutional issues." But the **Biden** administration is committed to use **OSHA** to impose more draconian mandates, and on it goes.

### **Greg Hunter: Interview with Dr. Elizabeth Eads on Vaxx Deaths**

And I want to leave you with some very sobering accounts of the many adverse reactions that are being reported by **brave nurses in the ER**. In the **above clip**, **Dr. Eads** reports on the numerous cases of vaccinated people in the hospital for serious complications with a **death count** well over **500,000**. She also notes that the "**PCR Test**" is a fake, and everyone promoting this **bioweapon** is in violation of the **Nuremberg Code**. **Stew Peters** has interviewed a registered nurse named **Rhonda** who is also seeing blood clots and various heart and pulmonary injuries at [THIS LINK](#). The media is hyping *the variants*, but the people in the hospital *have been vaxxed* (poisoned) and now their immune system is ruined for life - more [HERE](#). Again, this has never been about health, safety or the science. **Big Pharma** is the biggest lobby/donor class in **DC** with **1,600** reps (**3** for every congressman). And now they are coming for **the kids!** In a [sickening display of propoganda](#), **CNN** had a **Town Hall** for kids and gullible parents on **November 6th**. It truly conjures images of **der Fuhrer** coddling the **Hitler Youth**.

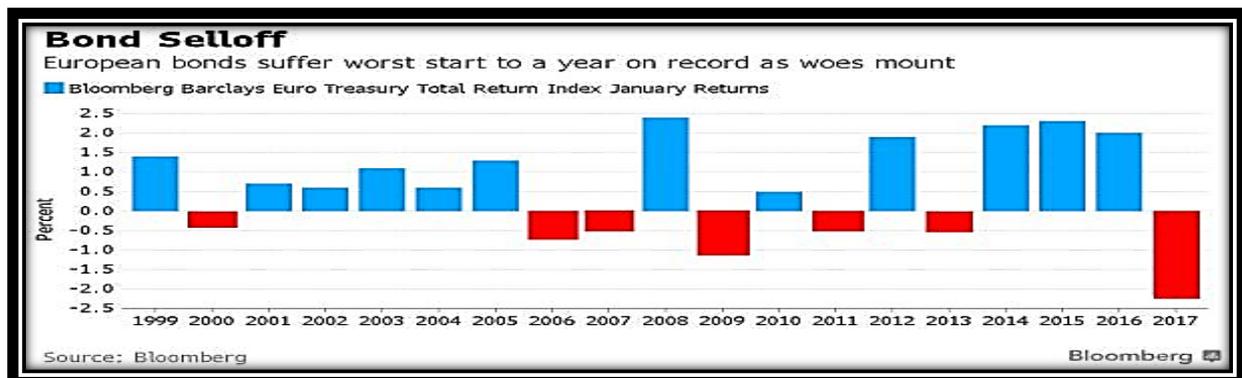

**In summary**, we're facing **monetary/technocratic resets** using a fascist model for **world governance** by the **WEF** crowd. The *faux* vaccine mandates are setting up the **mark of the beast system** predicted in the **Bible**, and the following is **reposted** from my [10/29/17 newsletter](#) that is even *more relevant* today. I note a **monetary/political paradigm** that will "**reprice**" **gold** (p. 3) and favor the **EU** as the next world power along with a global **spiritual paradigm** shift. [I will have some concluding thoughts:](#)

# Prophetic Matrix Redux: *The Rise of the EU*

I have written on this **prophetic theme** extensively in **my book** and past newsletters, but it bears repeating in the context of this newsletter and the times we are living in. Briefly stated, in the **OT** book of **Daniel**, God revealed to the prophet Daniel that there would be **four** (4) successive kingdoms from the Babylonian kingdom in **600 BC** before the Messiah (**Jesus**) established His kingdom upon the earth (Dan. 2:1-45; Mt. 6:10). These have proved to be Medo-Persia, Greece and the ancient Roman Empire. The final pagan kingdom will be a **Revived Roman Empire**, and this is precisely what we see in **Europe**. Prof. Tainter primarily based his study on the collapse of the ancient Roman Empire, so it is interesting to come *full circle* and witness the **EU** becoming the largest economy in the world to fulfill **Bible** prophecy – a new **Tower of Babel** as depicted above.

**How will this political paradigm shift come about?** It will require an **epic fiscal/monetary reset** in the West – the kind that is presently unfolding. The **US dollar** has been the reserve currency of the world since **1944**, but a new architecture is being proposed through the **IMF** that will favor the **Euro**. I am referring to the **SDR** (Special Drawing Right) comprised of a currency basket with the US, EU, UK, Japan and China. As unlikely as this may seem today, all it will take is a collapse in the bond market to expose **US** weakness. The **EU** has its own debt issues, *but nothing like the US*.

The real issue in the **EU** is the **Eurozone** membership that supports the **Euro**. In other words, they need a smaller membership (currently 19), and more importantly a **common fiscal policy**. In June **2015**, the EU issued a report “Completing Europe’s Economic & Monetary Union” also known as **The Five President’s Report** (Google it). This report calls for a European Fiscal Institute, Eurozone Treasury Minister and the issuance of **EU** Stability Bonds. New French President Macron has called for “a Eurozone budget managed by a Eurozone parliament and finance minister.” The **Bible** clearly indicates that **ten (10) nations** will comprise a final fiscal union (Dan. 2:40-45; Rev. 17:12-17).

In its current state, the EU/Eurozone is very dysfunctional. In a [recent article](#), ECB Chief Economist **Otmar Issing** stated that “the Euro project will collapse,” but he has also [stated](#) that there is too much “political investment” and the Euro “will stay – I am sure about that.” And he is right about that. It will be a **newly restructured Eurozone** to support the Euro project. Economist **Nouriel Roubini** has talked about the “slow disintegration” of the Eurozone, and World Bank economist **Joseph Stiglitz** [predicted a year ago](#) that perhaps “**2017** will be the year in which reform of the Eurozone really takes hold.” Things are pointing in this direction and even Establishment/Globalist economist **C. Fred Bergsten** (CFR/TC) has stated in *Foreign Affairs*, “The Euro will become a full competitor (with the USD) whenever the Eurozone countries adopt a more **common fiscal policy**.”

There have been [many scenarios](#) for the **Eurozone** breaking up, but here is what I envision. In his book *The Road to Ruin*, Jim Rickards explains how the “global elite” intend to exploit a financial crisis to impose the **SDR** standard and **reprice gold** into the thousands. The trigger could be counter-party risk in derivatives, market collapse, bank runs/failures, geopolitical tensions and so on.

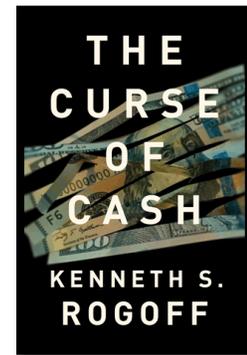

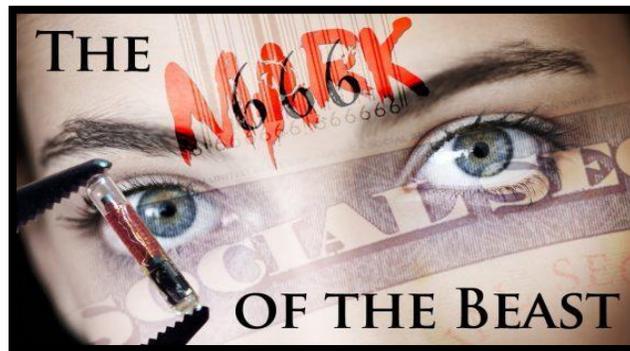

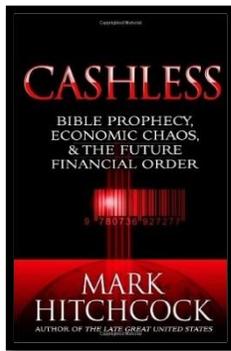

### **6-Minute Video: The Day the Dollar Died**

The clip above is also in my **IDP** site and depicts what a currency/bond crisis could look like. It starts with the **Fed** introducing **QE4** (likely), a Chinese response, end of the petrodollar and more. This contagion would require debt restructuring, an **IMF** gold standard and monetary reset. Brussels would use this crisis to finally restructure the **Eurozone** to support the **Euro** and overtake the **USD** in the **SDR** currency basket. A **gold** component would be added to the **SDR** (like the original SDR in 1969), and this would help restore confidence. Price discovery for gold (and silver) would be stripped from the rigged exchanges in **NY** and **London** and shift to the Shanghai Gold Exchange (**SGE**). A new benchmark for **crude oil** would favor the SDR, Euro, Yuan or all three. NY and London financial districts would lose their influence to the **Frankfurt** financial district in **Germany**. The Brexit vote has already led to [major banks](#) moving their operations to Frankfurt. “Frankfurt remains in front of the pack for financial outlets seeking a secondary home away from London,” [says another writer](#).

**Does this seem probable?** Yes, it does, but it will take almost “**superhuman**” political skill and maneuvering to guide this process in the **EU**. And this is *exactly* what the **Bible** predicts.

Speaking after the **G20 Meeting** in June, **Pope Francis** told the Italian [La Repubblica](#) that “Europe must take as soon as possible a federal structure.” The sentiment in Europe is to restore the Holy Roman Empire and the man for this job will be the **Antichrist** (Dan. 7,8,9,11:36-45; Rev. 13:1-10). Last year, **Tony Blair** told [USA TODAY](#) that he admired Vladimir Putin’s “style of leadership.” He added, “I think people want their country moving and they think that if the present system is not moving it, and not making the changes that they want to see, then maybe someone who just says, ‘I don’t care what anyone thinks; I’m just going to go for it, and this is what I’m going to do’ — that has a **certain attraction**.” This is what the **Antichrist** will do in a very big way, and the world will be mesmerized by **this charismatic leader** as seen in [this short clip](#) by **Irving Baxter**.

Another major theme in the **matrix** between good and evil is the introduction of a **cashless society enforced by the Antichrist**. Most people have heard of the ‘mark of the beast’ that translates into the number **666** (Rev. 13:11-18, 14:9-13). This trend is well underway, as most of you know. **Kenneth Rogoff** is a Harvard economist (CFR, Group of 30) who is leading the way with [the war on cash](#). Why are they doing this? The rationale is that bond/bank rates going negative will lead to bank runs and they want to eliminate this from happening. In the end it is all about *loss of financial privacy and control*, right? In the case of the **Antichrist**, one cannot “buy or sell” without **this mark** and it will also require **mandatory worship** of this man as a demi-god or **avatar**. Citigroup, Catholic Relief Services, Clinton and Gates Foundations have launched a site called [www.betterthancash.org](http://www.betterthancash.org) to help “the poor.” In November of [last year](#), **India** removed large notes to curb **gold sales** and an effort to impose a cashless society. **Martin Armstrong** has been watching this closely and says that India is the **guinea pig** for a cashless society, and further their goal is to implement this in the near future. More recently he featured this **new card** with an embedded microchip for **positive ID** as seen here:

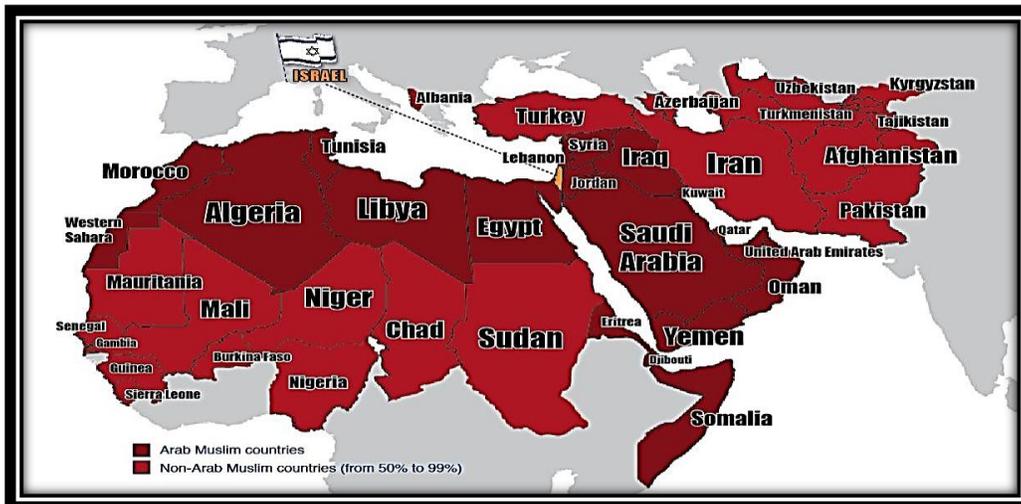

**This new card** includes healthcare information, driver’s license, passport and credit card all in one! **Mastercard and Visa** are at the forefront of this initiative along with central banksters. In [Sweden](#), people are getting microchip implants for positive ID, and the [IMF](#) just released a report to “de-cash” the world, and on it goes. I also think that **cryptocurrencies** are setting us up for this global network and this will be exploited by these evil powers. This also ties into technocracy, carbon credits and rationing food. If you want to know all about **the mark of the beast – 666 –** [CLICK HERE](#).

# Russia, Israel & A Middle East Peace Treaty

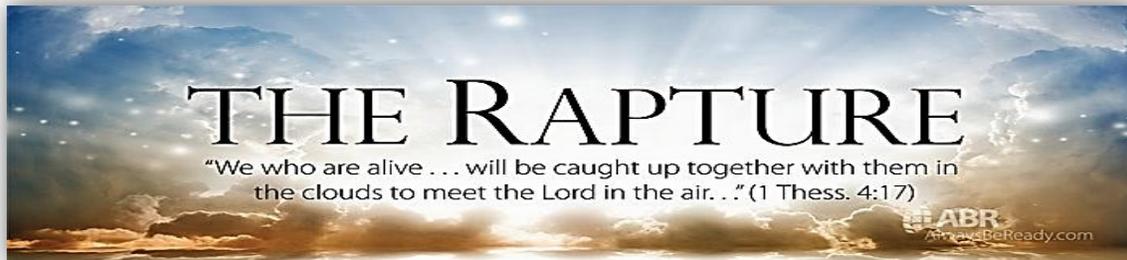

“I will make Jerusalem a heavy stone for all the peoples; all who lift it up will be severely injured. And all the nations of the earth will be gathered against it”  
- Zechariah 12:3 (NASB)

A very central theme in prophetic passages in the Bible, is the restoration of the nation of **Israel** and a resulting **war** that brings about a final **peace treaty** imposed by the **Antichrist**. Just prior to leaving office, **Obama’s** team *betrayed* **Israel** by supporting [UN Res. 2334](#) that granted all of East Jerusalem to the so-called Palestinians! This includes the **Temple Mount** and Western Wall as seen above. Almost **500,000** Jews live in East Jerusalem and a [recent poll](#) indicates that **95%** are against this resolution. What has taken place is setting the stage for **WWIII** in the Middle East. On **January 15, 2017**, **70** nations met in Paris to implement a **two-state solution** with Israel/Palestine.

As seen here, tiny little Israel is surrounded by **22** hostile Arab/Muslim nations who would like to destroy Israel. The **Bible** predicts that several Muslim countries will invade **Israel** with the support of **Russia** in the region (Ez. 38-39). This could be in response to a large pre-emptive strike by **Israel** and the resulting blow-back; but whatever triggers this will be huge. It will likely turn against the **US** also and leave the **European leader** to secure/confirm resolutions with a **final peace treaty** (Dan. 9:27). After taking office, **Trump** told the Israeli press that “peace is possible and that the time has come to make a deal” (you know, *art of the deal*). But this *deal* will go to **Antichrist**. It is also important to point out that this **peace treaty** will be signed in the Hebrew month of **Tishri** (Sept/Oct). Why is this? As I cover in [my book](#), the **last three** (of seven) holy feast days will be fulfilled when the Messiah (**Jesus**) returns to establish His millennial kingdom (Lev. 23; Mt. 24:29-31).

This is why it is important to watch events in the Middle East some months prior to the Fall each year. It is indicated in the **Bible** that this conflagration against **Israel** will include nuclear weapons (Ex. 39:1-16). **Israel** is among a handful of nations that have not signed the **Non-Proliferation Treaty of Nuclear Weapons** since **1968**. They have done this for strategic reasons and to put their enemies on notice that they will also get destroyed. **Strauss and Howe** have noted that, “Every **Fourth Turning** has registered an upward ratchet in the **technology of destruction**, and in mankind’s willingness to use it.” You can learn more about this issue at [THIS LINK](#) or [THIS LINK](#), or in my book.

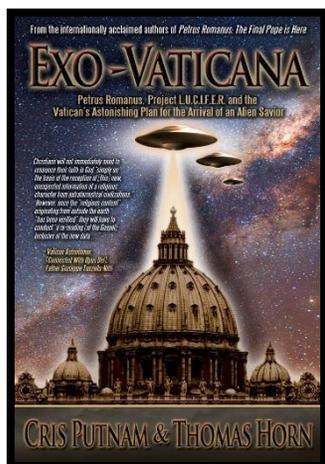

Another prophetic theme that must be addressed is The Rapture. What is the **Rapture**? As you can read above, there will be a generation of **born-again Christians** that will *never taste death*, but will be *translated* into heaven immediately. The questions is not *if* this will happen, *but when*. It is a matter of timing, and I call it the “cosmic trigger” in my book. It seems pretty clear that the **Lord** comes for His people *prior* to the final Tribulation days on earth (a seven-year period). **Dr. Tommy Ice** has pointed out [the differences](#) between the Rapture and the Second Coming, and below is a partial list for consideration. As you can see the **Lord** comes *for* His saints, and then returns *with them*:

RAPTURE OF THE CHURCH	SECOND COMING OF CHRIST
1. It occurs <i>before</i> the tribulation LUKE 21:36	1. It occurs <i>after</i> the tribulation MAT. 24:29-30
2. Christ comes <i>for</i> the saints I THESS. 4:13-17	2. Christ comes <i>with</i> the saints JUDE 14; REV. 19:11-21
3. Christ takes the saints to heaven JOHN 14:3	3. Christ brings the saints back to Earth ZECH. 14:4-5; REV. 19:14
4. Christ returns to the clouds I THESS. 4:17	4. Christ returns to the Earth ZECH. 14:4-5
5. Christ is not seen I COR. 15:52	5. Every eye shall see Christ REV. 1:7
6. It is the "blessed hope" of the church TITUS 2:13	6. It is the great day of His wrath REV. 19:15

**Dr. Ice** goes further to note the doctrine of the *imminency* of **His** coming at *any moment* in contrast to clear signs and timing in the Tribulation period. In other words, we would know the day and the hour. He concludes, “The distinctions between **Christ's coming** in the air to rapture **His church** are too great to be reduced into a single coming at the end of the Tribulation. These biblical distinctions provide a strong basis for the pre-Trib rapture teaching.” In the NT this is known as our **Blessed Hope**. “Looking for the *blessed hope* and the appearing of the glory of our great **God and Savior Christ Jesus**” (Tit. 2:13). I pray that this is **your hope** as well as we live in these latter days!

Taking a closer look at this event prior to **His Second Coming** is the matter of how the world will react to this mysterious and **stunning cosmic event** when millions vanish. The universal nature of this will cause the world to assume a powerful, even hostile, **alien contact** has been made and several Hollywood movies are setting us up for this deception as in **The Arrival** last year. It is not commonly known that even the **Vatican** is anticipating alien contact as covered in this book by **Tom Horn**.

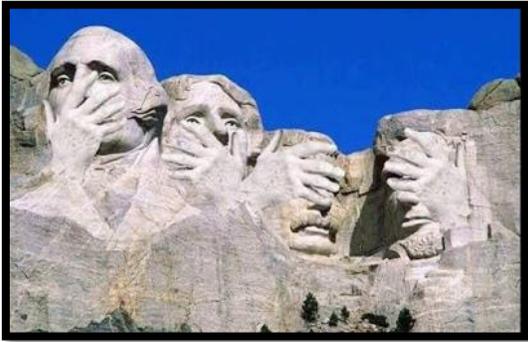

**The Rapture** will be construed as an **alien abduction** as depicted in the film **Left Behind**. In a critical scene when airplane passengers vanish, the others *quickly conclude* an extraterrestrial event, and how could they not? In a famous speech given by **Ronald Reagan** at the UN in **1987**, he said that an alien contact would cause nations to put aside their differences and **unite** – **SEE CLIP**. The UN has created the UN Office for Outer Space Affairs (UNOOSA) complete with their own director and **50** staff members ([www.unoosa.org](http://www.unoosa.org)). But the impact on world religions will be the most significant as a **new spiritual paradigm** unites world religions on the *unifying principle* of a shared planet and faith. In January of this year **Pope Francis** released a **video** for the feast of the epiphany with an ecumenical message that “we are all children of God” and one people – **SEE CLIP**. **Alice Bailey** (Theosophical Society and trans-channeler) said the final **New Age Religion** “would rest upon the foundation of a *newly interpreted and enlightened* Christianity...being universal in nature.” The **Bible** says in “the latter times” people will follow “deceitful spirits and doctrines of **demons**” (1 Tim. 4:1). Demonic forces inhabit the invisible matrix of the spirit world, but Scripture says that “greater is **He** (Holy Spirit) who is in you than **he** (Devil) who is in the world” (1 Jn. 4:4). It is for this reason that the **Rapture** must precede the arrival of the **Antichrist** (2 Th. 2:7). A fiscal/monetary/geo-political crisis is also likely to precede this event and requires some personal contingency planning.

**Finally, the question most often asked is where is American in prophecy? Answer: Nowhere.** As I have stated, it is the **EU**, not the **US**, that plays a prominent role in prophecy. Some have even concluded that the **US** will be affected more by the **Rapture**, since the **US** has a larger Christian demographic according to polls and research. This would make sense, but there are other factors.

# Main Issue: *The Moral Decline of America!*

*“If we abide by the principles taught in the Bible, our country will go on prospering and to prosper; but if we and our posterity neglect its instructions and authority, no man can tell how sudden a catastrophe may overwhelm us and bury all our glory in profound obscurity.”*

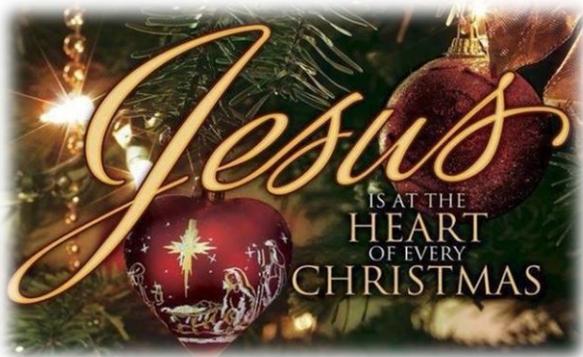

- **Senator Daniel Webster (1872 – 1852)**

**In 1798, President John Adams said in a public address**, that “Our Constitution was made **only** for a moral and religious people. It is *wholly inadequate* for the government of any other.” If you want to *really* want to know why our nation is heading into profound obscurity, here it is. Indeed, how can have you a nation of godless atheists, occultists, crypto-Marxists, Communists, anarchists, LGBTQ perverts, pornographers, pedophiles and so on and expect a virtuous society? **Jesus** said that “you cannot bring good fruit out of a **bad tree**” (Mt. 7:18). Our culture wars, bankster fraud, scandals, drug epidemic, broken homes and **wholesale moral hazard** is merely exposing our own apostasy in a secular humanist society. In **1951**, retired **Gen. Douglas MacArthur** said, “History fails to record a single precedent in which nations subject to **moral decay** have not passed into political and economic **decline**. There has been either a spiritual awakening to overcome the **moral lapse**, or a progressive deterioration leading to ultimate national disaster.” We appear to be heading for the latter, and our **Founding Fathers** would be ashamed. The day that **Trump** was sworn into office, social justice warriors, feminazis, anarchists, environmentalists, queers, and who knows what, marched in **DC** and left miles of debris in our **nation’s capitol** (above photo). In contrast, **Tea Party** conservatives and activists also marched and left clean boulevards. **A fitting metaphor of the culture wars.** The subtitle of **my book** mentions the “monetary and political decline” of the **US** and this necessarily includes a **moral decline**. According to a new study by **Barna Research**, they found that **39%** (18-24) identify as **LGBT** and **48%** favor Socialism over Capitalism with **climate change** as the top issue. This is the new **America**. This study concludes, “While a majority of respondents held favorable views of **Jesus** and the **Bible**, three in four millennials viewed all religious beliefs of equal value, and most rejected the existence of absolute moral truth.” This is why our institutions are wholly inadequate today.

This excerpt from my **2017 newsletter** (pages 10-16) is a reminder of the prophetic times we are living in, and **Peter** says we “...do well to pay attention as a lamp shining in a dark place” (2 Pet. 1:19). As **illustrated above**, the **Church Age** is coming to a close. The convergence of political and spiritual paradigms will lead to the **Tribulation** period. **Christmas** is a reminder of our **Lord's 1st coming**, and *most assuredly* there will be a **2nd coming** prior to **His kingdom**. Jesus is still our only hope.

# Jesus Christ: *Our Hope & Light of the World*

**A**t this special time of year, we give and receive many **nice gifts** and enjoy the time spent with family and friends. The **Bible** says that “Every good thing bestowed, and every **perfect gift** is from above, coming down from the **Father of lights**” (Jas. 1:17). This not only speaks of God’s providence to bring good things into our lives, it also speaks of the greatest gift of all by sending **His Son** (Jn. 3:16). Paul responds, “Thanks be to God for **His indescribable gift!**” (2 Cor. 9:15). When **Jesus** came the first time, He fulfilled over **300 Old Testament** prophecies including this one from **Isaiah 9:2**, “The people who were sitting in darkness saw a great light...upon them a light dawned” (Mt. 4:16). **Jesus** was that **great light**, but He would later say, “the light has come into the world, but men loved **the darkness** rather than the light, for their deeds were evil” (Jn. 3:19). This is the human condition today. This is what happens when people reject the light and live in darkness. In both the **Old and New Testament**, the motif of **light and darkness** is a metaphysical reference to **good and evil**, and an *ethical* distinction between that which is *morally* right and wrong. **God** created light out of darkness in Genesis 1:3. “**God is light**” (1 Jn. 1:5) and He dwells in “unapproachable light” (1 Tim. 6:16). **Jesus** said He was “the light of the world” (Jn. 8:12), and everyone who believes in Him are “sons of light” (Jn. 12:36; Eph. 5:8) and will “not remain in darkness” (Jn. 12:46). The **Devil** is known as the “Prince of darkness” (Jn. 12:31; Eph. 2:2), and **Jesus** said He came to “destroy the works of the Devil” (1 Jn. 3:8). This battle between **light and darkness** will continue until **Jesus** returns, but we can be sure of the outcome. As we celebrate **His first coming** to redeem us, let us be mindful that **He** is returning as the “King of kings” (Rev. 19:16). **Jesus is better than Santa.**

## *Why Jesus is Better than Santa*

Santa lives at the North Pole...

**JESUS is everywhere.**

Santa rides in a sleigh...

**JESUS rides on the wind and walks on the water.**

Santa comes but once a year...

**JESUS is an ever present help.**

Santa fills your stockings with goodies...

**JESUS supplies all your needs.**

Santa comes down your chimney uninvited...

**JESUS stands at your door and knocks, and then enters your heart when invited.**

You have to wait in line to see Santa...

**JESUS is as close as the mention of His name.**

Santa lets you sit on his lap...

**JESUS lets you rest in His arms.**

Santa doesn't know your name, all he can say is "Hi little boy or girl, what's your name?"...

**JESUS knew our name before we were born.**

Santa has a belly like a bowl full of jelly...

**JESUS has a heart full of love**

All Santa can offer is HO HO HO...

**JESUS offers health, help and hope.**

Santa says "You better not cry"...

**JESUS says "Cast all your cares on me for I care for you."**

Santa's little helpers make toys...

**JESUS makes new life, mends wounded hearts, repairs broken homes and builds mansions.**

Santa may make you chuckle but...

**JESUS gives you joy that is your strength.**

While Santa puts gifts under your tree...

**JESUS became our gift and died on a tree...the cross.**

**We need to put Christ back in CHRISTmas, Jesus is still the reason for the season!**

**Some concluding thoughts.** Global financial markets are *extremely risky* and you are well-advised to consider hard assets today. The globalists are eager to exploit a "window of opportunity" to impose their **technocratic hell** upon humanity. The **plandemic** is being used to advance their agenda (with **5G, QR Codes** and **vaccine passports**) and getting worse every day. All of this fits into a **prophetic matrix** as I have outlined and fully present in my book at [THIS LINK](#). **Christmas** is the perfect time to talk about prophetic themes, because **Jesus** is *the reason for the season....*and for **all of life** (and death). This newsletter may appear a bit evangelistic, but I have good reason. Some of you know I had an intestinal blockage and **nearly died** of a [myxedema coma](#) in **November**. I was in the hospital for three weeks and now recovering. Because of my faith in the **Lord** for **42** years, I know I am going to heaven when I die, and I want others to have that "blessed hope" as well (p. 14). Do you have that hope? I invite you to [CLICK HERE](#) to make sure. **Jesus** is the cure for the "sin virus" and only **He** can provide forgiveness, new lives and real joy. "He who has the Son has the life, he who does not have the Son of God does not have the life" (1 Jn. 5:12). Simple as that. Trust in **Him** today.

**Until Next Time, Your Messenger from Pinetop** 🙏
