

# Irrational Markets, Global Vaccine Passports & New Silver Update

Posted April 24th, 2021

By Charles H. Coppes

*"I fear that, for the first time in history, every human will have a digital ID associated with his or her health status including vaccination. I think the vaccination is not even very relevant. It's just a ready means. It's the digital ID, in one place, which will be used to grant, or not, any privileges by the controller of the database. That's never happened before in human history. It will be abused!"*

**-Dr. Michael Yeadon, Former Vice-President and Research Director of Pfizer**

*"Vaccine passports are a good idea. Among other things, it will single out the still large contingent of people who refuse vaccines, who will be foreclosed from doing a lot of things that their peers can do. That should help break the resistance down."*

**- Harold Litman, University of Pennsylvania Law Professor**

*"The COVID-19 jabs seem to be the essential agents in the merger of biological with psychological warfare pointed our way. We are the targets."*

**- Anthony Hall, Globalresearch.ca, April 9, 2021**

*"It is impossible to make a man understand something when his salary depends on him not understanding it [Dr. Anthony Fauci as an example]."*

**- Upton Sinclair, Novelist & Social Critic**

*"They who can give up essential liberty to obtain a little temporary safety, deserve neither liberty nor safety."*

**- Benjamin Franklin, US Founding Father**

*"Been stacking silver. Today I bought more shares of PSLV. We are taking them down one ounce at a time."*

**- WallStreetBets/Silver Day Trader, April 2021**

**Greetings to All,**

**Well, it's another day and another record day for the stock market.** And it's becoming increasingly apparent that central bank interventions have **distorted asset values** that we'll consider in this edition. It's also becoming apparent that the push for a **vaccine passport** is leading to medical tyranny on a scale never imagined. **Global technocrats** are exploiting this plandemic to enslave humanity, track people, impose social credits and shame many into becoming **second class citizens**. This is coming at a *very accelerated pace* and we must hear from many respected voices that are sounding the alarm.

# Irrational US Markets & Sad Economic Reality

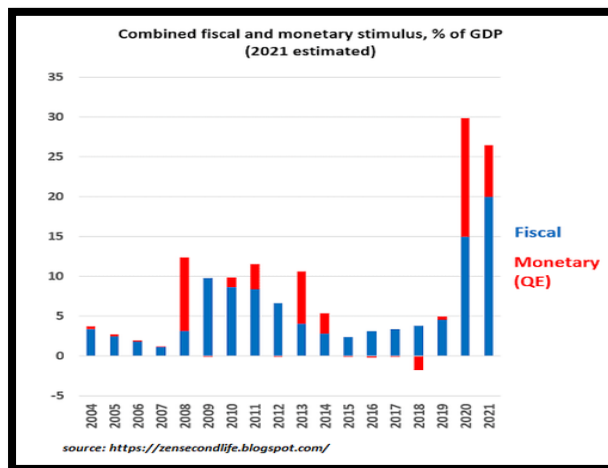

*"I'm concerned about excess risk-taking and whether it creates excesses and imbalances, that could ultimately create challenges."* - **Robert Kaplan, President of the Dallas Fed**

**Wall Street is a rigged casino.** I am never at a loss to find **graphic charts** like these to illustrate the level of graft, corruption and front-running in our capital markets. But now we are talking all-time new records of greed, malinvestment and moral hazard. As seen in the **above charts**, the main driver since **2009** has been companies that **buy-back** their own shares. In other words, [as one blogger](#) put it, "Between the Federal Reserve injecting a massive amount of liquidity into the financial markets, and corporations buying back their own shares, there have been effectively no other real buyers in the market." Think about that! How can this be a real market? It should also be noted that this trend flowed right through the **Trump** years and continues under **Biden** - which means that **The Donald** had *nothing at all* to do with the stock market (which translated means his greatest economy in history).

**What is a stock buy-back?** Crony capitalists buy their own stock to shrink publicly traded shares and this artificially boosts price (for dividends and bonuses). Many firms are buying these shares using **margin debt** from brokerage firms (extreme leverage). This works fine until share prices collapse, and this is what caused the **1929 Crash**. As seen above, [there is an orgy of margin debt on Wall Street](#) and this epic bubble is being attended by more "equity flows" in the *past five months* than the *past 12 years*! Folks, this is not normal. **Fed** bankster **Bob Kaplan** suggests these "excesses and imbalances" could present some "challenges" in the near future (as in a financial crisis far greater than 2009). And it should be pointed out that stock buy-backs were outlawed in **1934**, since it was a prime contributing factor of the **Crash of 1929**. This was restored in **1982**. But this time is different, right?

**Warning from Jim Rickards.** "There are certain indicators of a market nearing a top that are more reliable than others," [says Rickards in a recent post](#). "One such indicator is called '**distribution**' by **Wall Street** insiders. It refers to a process of insiders and banks dumping stock on unsuspecting retail investors. The retail investors often don't have access to the best deals, such as IPOs, so they snap up any such Wall Street offerings readily." This process is happening now and this market behavior is most commonly associated with market tops. As **Charles Hugh Smith** has observed, [The Middle Class has Finally Been Suckered into The Casino](#), which is the title of his perspective with delightful charts, facts and figures. According to the Office of the Comptroller of the Currency (OCC) and its quarterly report, **JP Morgan Chase** is the largest casino operator on the Manhattan strip. There are **5,033** federally-insured banks in the **US**, with more than **\$4 trillion** in notional equity derivatives, and **JP Morgan** alone accounts for **63%** of this amount, or **\$2.65 trillion**. This total is more than all the banks in **2008** with huge counterparty risk (think **AIG** and **Lehman**). Read the full report [HERE](#).

**Institutionalizing moral hazard.** Fed policy and reckless spending have not only created irrational markets, but also a destructive dependency on government stimulus. In the age of Covid-19, fiscal and monetary stimulus is about **30%** of our **GDP** as seen here. Is this the new normal? It sure seems like it and this is causing a [record trade deficit with China and others](#). In other words, instead of helping the **US** economy we enrich others. **China** joined the **WTO** in **1994** (above), and we have been running a trade deficit ever since. All of this "stimulus" (money printing) is also **inflationary** and a growing concern as M1 and M2 money supplies are at astronomical levels. The unelected technocrats at the **Fed** downplay inflation, but [polls](#) indicate otherwise, and **George Gammon** has a good video on this.

**[George Gammon: Monetary Inflation, Financial Repression & Boom/Bust Cycles](#)**

In addition to the video above, **Gammon** has an excellent white board illustration on how only savings and production can create wealth, not debt and spending. At the **21-minute** mark he highlights some comments by **Milton Friedman** on the book *The Road to Serfdom* by Hayek, which is a classic expose of the errors of Socialism, see [LINK HERE](#). In 1930, **Herbert Hoover** said, “We are now speeding down the road of wasteful spending and debt, and unless we can escape, we will be smashed with inflation.” In The Great Depression, the boom was followed by the bust. As **David Brady** [points out](#), the **Fed** has created too much debt and is trapped. They cannot raise interest rates and our own boom will result in deflating distorted asset values and a hyperinflationary response. **His conclusion:**

***"They can't raise interest rates meaningfully due to the massive and rising amount of debt and the resultant increase in interest costs, which could render the U.S. government insolvent. In such a scenario the risk of hyperinflation is almost certain. It erases the government's debts and everyone else's, but it also destroys the value of the currency and people's savings. If and when it comes to that, more QE will only serve to further accelerate hyperinflationary forces, and then the Fed will be forced to pull the plug. This would trigger the collapse of everything and the Greatest Depression. Even if the Great Reset occurs and a global debt jubilee is orchestrated, it will almost certainly will involve a massive devaluation of the dollar.***

- The Fed will cap yields and do whatever it takes to support the economy and markets—i.e., much more dollar printing
- Inflation will rise dramatically, and the risk is that it'll be worse than expected
- The Fed can do little if anything to stop it
- A falling dollar will only make matters worse as all **confidence** is lost in the greenback
- Precious metals and miners will soar as real yields plummet when inflation rises

Since governments cannot service **unsustainable debt** they keep printing more fiat currency (out of debt) and this inflation serves as a "hidden tax" as the currency is devalued. This inflation also creates tax revenue (capital gains) while the *nominal* rate of inflation (CPI) is kept low while *real* inflation rates are high ([www.chapwoodindex.org](http://www.chapwoodindex.org)). The entire fiat fractional reserve monetary system is a huge **scam** and the only thing preventing a reckoning day is **CONFIDENCE**. Last year, **Fed Chair Powell** frankly stated that he creates money and inflation in this **30-second CLIP** from *60 Minutes*.

**This is our sad economic reality.** Real inflation is running at **10%** or more and wages have been flat for **40** years. Inflation is barely understood, and pensioners and retirees are being forced to work well after normal retirement. But the **biggest scam** is this pandemic that is threatening our futures.

# Global Plandemic & Vaccine Passport Warning!

**Medical tyranny is coming in 2021.** As I noted in my [last newsletter](#), **The Covid-19 Roadmap** laid out the 12-step plan to create a totalitarian New World Order. The first stages include creating fear and panic, exaggerate cases and requiring **face masks**. We have seen this on a grand scale. A new study out of Dartmouth College finds that **90%** of the press in the US is negative compared to **50%** in the rest of the world. We are pummeled 24/7 about the virus. According to the **CDC** [total deaths from all sources](#) in the US was 2,913,144 in **2020**. In **2019**, 2,845,793 and in **2018**, 2,831,836. In other words, about 1% of the population and mostly old people - this is normal! So pervasive is the hysteria that some people think **20%** of the population died in **2020**! The leading cause of death in **2020** was heart disease (700,000), cancer (600,000) and **Covid-19** (345,000), and this figure is very suspect.

**Wearing masks** have become the new symbol of obedience and virtue signaling. They even come in various fashion designs...and are completely worthless. A 93-year old **Holocaust** survivor living in the US compares masks to wearing a **yellow star** to mark their social status in **Nazi Germany**. The **Jews** understood this was not a good thing. She says what is so *insidious* today is that the mask is promoted as a good thing! Even during the **Spanish Flu** they didn't wear masks! The **Covid-19 Roadmap** to tyranny stresses contact tracing, **vaccine passports** and **5-G** technology to process **QR** codes and data on people. And here it comes folks. The government has stated they will not mandate passports, but whole industries and corporations are starting to **mandate** them anyway. And just like universal masking, the masses will eagerly comply, and even be proud of their responsible citizenship!

*"Vaccine passports are a good idea. Among other things, it will single out the still large contingent of people who refuse vaccines, who will be foreclosed from doing a lot of things that their peers can do. That should help break the resistance down."*

**- Harold Litman, University of Pennsylvania Law Professor**

The above comment is fast becoming the prevailing attitude in society. Just as in **Germany**, "vaccine passports create different classes of citizens," says Gov. Brad Little of **Idaho**. [Arizona is among 20 other states resisting passports](#), but **Hawaii, Illinois, New York and Nevada** are promoting the idea. In a recent [rant](#), **Joe Scarborough** says that any who oppose passports are "morons living in ignorance and stupidity." **President Biden** is ready to launch a passport and [chides anyone](#) concerned about their privacy as being "un-American." As noted in [THIS](#) piece, **CNN** is at the forefront in promoting the passport and vaccines, of course. Health expert **Ty Bollinger** has done extensive work on this issue and the entire Big Pharma-medical-complex - visit his site at [THIS LINK](#) and subscribe. **Ty** has been warning about this so-called vaccine that is actually gene-editing therapy designed to "trick" your natural RNA with a messenger RNA (mRNA). In my last newsletter, I noted the many dangers of this experimental vaccine. I included the below link with **Dr. TenPenny** and provide it again for you.

### **Dr. Sherry TenPenny: How the mRNA Will Work in 3-6 Months**

Please watch [this](#) and share with others. It is *very deceptive* to call this a normal vaccine, and they do this to avoid any liability for adverse or deadly reactions. They also deny any **informed consent** and are merely rushing this at warp speed upon a gullible and frightened population. In a recent interview, **Steve Quayle** explains how the globalist technocrats want to use this vaccine to degrade our immune systems and depopulate the earth - see [LINK HERE](#). According to [The Guardian](#), a UN initiative known as **The People's Vaccine Alliance** wants to provide this experimental vaccine free of charge for "the global common good." Of course, it is for the peoples right? As in the **People's Republic of China** that just introduced their new vaccine passport. [A Rasmussen Poll](#) finds that 62% of Americans want a vaccine passport. This figure is 78% in the **UK**, and the government has now responded with their new vaccine passport that will be ready by [May 17th](#). The EU Commission is preparing their "Digital Green Certificate" for travel within the EU. **Singapore** is issuing "wearable tracing tokens" with digital QR codes for **ALL 5.7 million** residents in **Singapore** known as TraceTogether! Are you getting the idea here? A vaccine passport is certain to become mandatory complete with QR codes and a complete personal profile to impose Chinese-style **social credits**. From there it will be just a small step to impose the final roadmap agenda - RFID microchips and a cashless society, just as predicted in Rev. 13:16-18 known as **the mark of the beast** (upon the right hand or forehead). Just today, **Whole Foods** (in Seattle) has announced that shoppers [can just swipe their right hand](#) to pay for goods and enjoy contactless transactions. How convenient! How efficient! How safe! In his pioneering book, *Between Two Ages* (1971), global technocrat **Zbigniew Brzezinski** describes his vision for us all:

***"The technocratic era involves the gradual appearance of a more controlled society. Such a society would be dominated by an elite, unrestrained by traditional values. Soon it will be possible to assert almost continuous surveillance over every citizen and maintain up-to-date complete files containing even the most personal information about the citizen. These files will be subject instantaneous retrieval by authorities"***

**The technocratic era** is now moving faster in *five months* than the past **50 years**! They know people are scared and willing to follow authority just like sheep. In **1961**, [Stanley Milgram](#) had an experiment at **Yale** to see how far people would go in following orders, even if it was evil, and **65%** went all the way. This was to better understand what happened in **Nazi Germany**. You can read more about this experiment [HERE](#). As more people take the vaccine and defend the official narratives, some are also comparing the sheep to the [Stockholm Syndrome](#), in which the victims develop "positive feelings" toward their captors and believe in their goodness and "humanity." Human behavior can be influenced very easily and **psychopathic social engineers** know this. Psychological warfare is being waged with intensity and amplified in the media producing a very dangerous form of **Group Think**.

*"It is impossible to make a man understand something when his salary depends on him not understanding it." - Upton Sinclair, Novelist & Social Critic (1878-1968)*

**Perhaps nobody (except Bill Gates) has been more influential in the media than Dr. Anthony Fauci.** Son of a pharmacist, he has been connected to Big Pharma and agencies all of his life. In his [new book](#), Deace refers to him as The Most Powerful and Dangerous Bureaucrat in American History. The title is a twist of the [Faustian Bargain](#) in which a person sells their soul for fame, riches and power. **Dr. Fauci** is the [highest paid](#) bureaucrat in America and owns more than **1,000** vaccine patents including **Moderna mRNA** (which stands for [Modernize our RNA](#)). [No conflict of interest here.](#) He assisted the **CDC** to research *gain-of-function* research that was moved to the **Wuhan** lab that has now produced **Covid-19**. The **CDC** is an actual subsidiary of the wealthy Big Pharma industry. The **WHO** is a wholly-owned operation by **Bill Gates** (largest donor). **Gates** and **Fauci** pass themselves off as global health experts, but [AIER columnist](#) **Jordan Schachtel** will hear nothing of it.

***"Individual health is to public health as liberty is to totalitarianism. The moment you depart from treating individuals, and attempt to collectivize a population, you're not so much an expert as you are an authoritarian control freak disguised as an expert. Fauci is not a public health expert, he's a power drunk immunologist. Bill Gates is not a public health expert, he's a maniacal technocrat. The CDC and WHO do not possess public health expertise, they are bloated bureaucracies offering historically poor recommendations for dealing with disease spread and other societal issues."***

[Did you know that if you do a search for the most important "doctor" in the world it says Bill Gates?](#) Yep, check it [OUT](#). If **Google** says it is true it must be true!? Of course, we won't talk about the people who have been killed by **Dr. Gates**. Speaking of death, as of this **April**, **2,865** people have died after taking the **mRNA** jab. *This is more than all vaccine deaths for the past 11 years (2,588)!* I bet you have not heard that before. Remember, there is no liability, FDA approval or informed consent for this experimental (and very profitable) vaccine. **Dr. Tenpenny** (above) even mentions that there are almost **200** vaccines being rushed for **Covid-19**, and this is more than all other vaccines *combined!* Folks, this pandemic has **NOTHING** to do with health. It is all about power, control and wealth. It is evil (as we will see in a moment). We are being played. We are being Gaslighted. The total deaths have been exaggerated and **Hal Turner** has even produced [THIS damning video](#) of fake crisis actors in body bags! **The Bible** predicts in the last days, "Evil men and imposters will proceed from bad to worse, deceiving and being deceived" (2 Tim. 3:13). We better realize that we are their targets.

*"The COVID-19 jabs seem to be the essential agents in the merger of biological with psychological warfare pointed our way. We are the targets."*

**- Anthony Hall, Globalresearch.ca, April 9, 2021**

**An urgent warning from Dr. Michael Yeadon.** The following are some comments from a very credible source. **Dr. Yeadon** is the former director of research at **Pfizer, Inc.** in NY with over **30** years of experience. He has been critical of PCR tests, masks and lockdown mandates, vaccinating the youth and now the **vaccine passport** that will be used "for malign purposes." He was raised by foster parents who had relatives die in **Nazi** death camps. You can read his entire remarks at [\*\*THIS LINK\*\*](#):

***"I fear that, for the first time in history, every human will have a digital ID associated with his or her health status including vaccination. I think the vaccination is not even very relevant. It's just a ready means. It's the digital ID, in one place, which will be used to grant, or not, any privileges by the controller of the database. That's never happened before in human history. It will be abused.....Associated to vaccine passports I can see none other than a very, very dark future ahead. I know that what I outline is so extreme that people won't hear, listen, take in or believe it. They'll assume I've lost my mind. I have not. Instead, I've read more original research articles in the last year than at any time since I stood down as CEO of a biotech company I'd co-founded. My life in the surface would be much more fun if I just shut up. Don't think I too don't want to run and hide from this. But I just can't. It's not for me but my children and grandchildren. I want you to feel protective towards yours. In this information and psychological operations war, there are no Allies. No one is about to come and save us. Only we can save ourselves. Peacefully, firmly and in huge numbers, say and show that WE DO NOT CONSENT. I'm a law abiding citizen, but as a former senior judge said, in essence, when laws are bad, you have an obligation to dispute them. Do not assist in medical tyranny by using the thin excuse that you were only following orders."***

**I think this man knows what he speaks of.** Sadly, we are not heeding his words. He asserts that **Covid-19** interventions are "outright evil" rather than the product of "well-intentioned incompetence." **In a follow-up piece**, **Dr. Yeadon** says the ultimate goal is **depopulation** and using the vaccines as a form of **eugenics**, as mentioned by **Steve Quayle** earlier. Here is what **Dr. Yeadon** said:

***"If you wanted to depopulate a significant portion of the world, and to do it in a way that wouldn't require destruction of the environment with nuclear weapons, or poisoning everyone with anthrax or something, and you wanted plausible deniability, whilst you had a multi-year infectious disease crisis; I don't think you could come up with a better plan of work than what seems to be in front of me."***

**He stresses** that "plausible deniability" is "what I would do if I wanted to get rid of **90 or 95%** of the world's population. And I think that's what they're doing." He concludes, "There is no question in my mind that very significant powerbrokers around the world have either planned to take advantage of the next pandemic or created the pandemic." I invite you to read the **full article** at [\*\*THIS LINK\*\*](#).

Can we possibly prevent these **psychopathic social engineers** from creating a totalitarian New World Order? **Dr. Yeadon** says, "my concern is, we are going to lose this, because people will not deal with the possibility that anyone is so evil." But **evil** does exist in the world. **Vera Sharav** is a **Holocaust** survivor. In this **45-minute video** she explains the connection between **Covid-19** and mass genocide.

### **Vera Sharav: How the Nazis Used Medical Tyranny in Germany**

This is a chilling account and a reminder it was not that long ago. She mentions the **Nuremburg Code** that states that experimental drugs and vaccines should not be used on humans. **Patrick Wood** has written the Foreward to [my book](#) and is an authority on technocracy and a scientific dictatorship. **Sir Julian Huxley** is the author of *Brave New World* and was a life member and president of the British Eugenics Society. **Huxley**, "believed that eugenics would one day be seen as the way forward for the human race," and that, "A catastrophic event may be needed for evolution to move at an accelerated pace." **Huxley** opined that, "Men and women will grow up to love their servitude and will never dream of revolution. There seems to be no good reason why a thoroughly scientific dictatorship should ever be overthrown." Notice how eugenics is needed to cull the human race and accelerate evolution!

In **1971**, **Stanford University** conducted a famous **Prison Experiment**. The class was divided into prison guards and inmates. The guards quickly became so brutal after only six days that it was called off. The findings were later published by **Prof. Philip Zimbardo** in *The Lucifer Effect*. This was a follow-up of the experiment at **Yale** in **1961** (p. 6). The technocratic era is opening the floodgates for a very evil and controlled society. "I think it is no exaggeration," writes Andrew Gavin Marshall, "to say we are on the cusp of the further perfection of extreme evil." Just imagine if **Hitler** had all of the technology we have today! Look at the brutality of godless leaders in **China** and **North Korea**. The **Bible** is clear that we are all sinners in need of **His** grace. The human heart is basically selfish and evil. "The heart is more deceitful than all else and is desperately wicked" (Jer. 17:9). **Jesus** said, "If you *being evil* know how to give good gifts to your children, how much more your Father who is in heaven" (Mt. 7:11). The Lucifer effect is because of our fallen natures. We are in a spiritual battle between good and evil. **The Golden Rule** (do unto others) *assumes* we know right and wrong, and this **5-minute CLIP** *elegantly* presents that proof - watch it. **Jesus** said, "everyone who does evil hates the light...but he who practices the truth comes to the light" (Jn. 3:21-21). Of course, **Jesus** is the Light of the World, and when we come to **Him** by faith we receive forgiveness and a new nature. The world is plunging into a dark future because we have rejected this truth, as I also cover in my book. Frequent parallels to **Nazi Germany** are rather disconcerting, and especially how they perfected **eugenics**. I invite you to watch this stunning documentary that also ties into **the vaccine passport**.

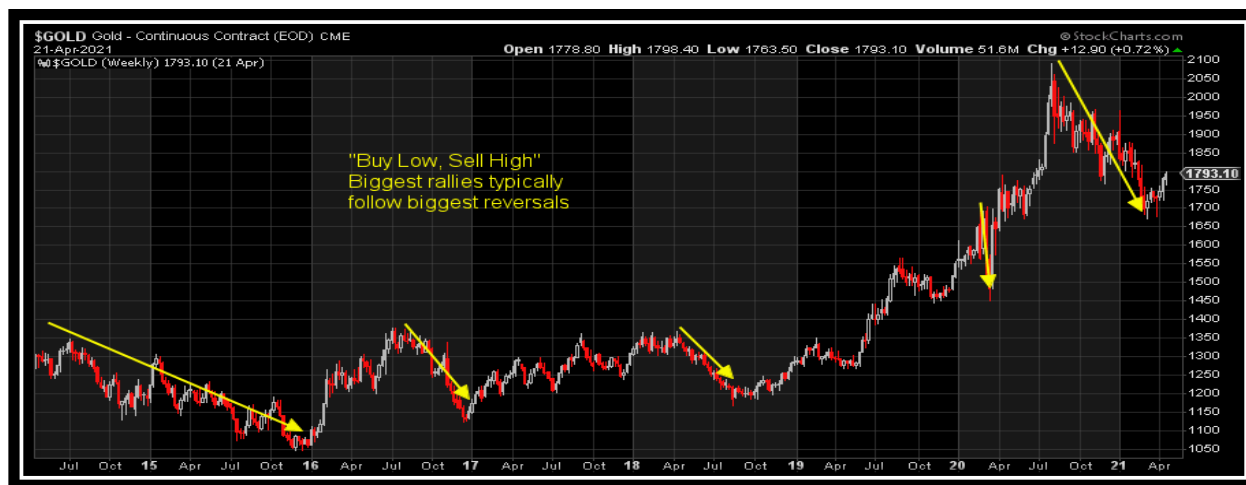

### **The James Corbett Report: Bioethics and the New Eugenics**

In summary, a global vaccine passport system has a malign purpose and it will be abused. They want to break down our resistance and **shame people** for being **second class citizens**. Fake vaccination cards are being reported now, and even fake passports. Just last week, the **FBI** (our Gestapo) issued a **press release** warning people they would be punishable under USC Title 18, Sec. 1017 for using any government seal and also encouraged neighbors to "report suspicious activity" at 1-800-HHS-TIPS. It is easy to see how this illicit behavior will necessitate mandatory positive ID using **biochip** technology that will be subject to "instantaneous retrieval by authorities." A vaccine passport is just the beginning and needs to be resisted or we will all end up in a **social credit database**, *or worse!* Our HIPAA rights are being abused and those who want a false sense of safety and security have not learned from history. "Those who give up essential liberty to obtain a little temporary safety," said **Ben Franklin**, "deserve neither liberty or safety." The **Bible** says, "There is a way that seems right to a man, but its end is the way of death" (Pro. 16:25). The "Joe Scarboroughs of the world" are living in ignorance and stupidity because we are sheep, and we are the targets. Blogger C J Hopkins leaves us with this thought.

***"Totalitarian movements, when they reach this stage, do not simply stop on their own. They continue to advance toward their full expressions, ultimately transforming entire societies into monstrous mirror-images of themselves, unless they are opposed by serious resistance. There is a window at the beginning when such resistance has a chance. That window is still open, but it is closing, fast. I can't tell you how best to resist, but I can tell you it starts with seeing things clearly, and calling things, and people, exactly what they are."***

It is time to call it like it is. We need to expose this **plandemic** and defend our essential liberties. **Pat Wood** has launched Citizens for Free Speech and I urge you to visit HIS SITE and join the fight! It is also important to protect your financial privacy and have a low-profile asset like **gold and silver**. The additional reason is to protect against **inflation** and all **distorted asset values** created by the **Fed**.

## Gold & Silver: *Essential For Uncertain Times*

As David Brady said earlier, the Fed is trapped and metals and miners will soar. In a new chart released today, Brady says that "new highs" are coming in 2021. As **seen above**, gold dropped in August and support is at **\$1740**. As I mentioned, the M1 and M2 money supply figures are exploding and major commodities are up sharply along with the other metrics for measuring real inflation. So why are **gold and silver** the *only* commodities in the world that can't seem to catch a bid? If you are a regular reader you know that the-powers-that-should-not-be are desperately holding the **fake price** down so as to discourage investment. Precious metals analyst Dave Kranzler provides this detail:

**"The downtrend in the precious metals sector that began in August has been punctuated with one of the most aggressive, blatant price manipulation efforts over the last month that I have witnessed in 20 years. While no one can prove it without access to the inside books at the Comex, I believe the price attack over the last 10-14 days was aimed at 'encouraging' longs to either dump their April gold contracts or roll them out to June...The motive is to disincentivize Comex paper gold longs from standing for delivery as well as attempt to scare off the growing army of retail investors who have been buying an enormous amount of silver products at the retail level."**

Kranzler further notes that this is happening while gold demand is increasing. After **India** reduced its import duty on **gold**, imports soared **471%** in March - [a new record](#). He says all of the declines since August "occurred only after India and China and the rest of the eastern hemisphere physical buyers had closed shop for the day, leaving only the paper gold traders to play in the unsupervised silver and gold paper sandbox." A reference to **Crimex** in NY, of course. The **evil banksters** have another revealing motive to smash **gold**. **David Brady** (Sprott) [has again](#) drawn our attention to the **Basel III Accord** that mandates that central and major banks move **gold** to a Tier 1 cash-equivalent asset. The deadline has now been delayed until January **2023** (Jan. 2022 for UK-LBMA), and this **chart below** reveals the **gold** high in August and subsequent drop. They are doing this to cap **gold** and buy it on the cheap.

The evil banksters are getting **gold** to recapitalize our failed global monetary system. The **scam** is becoming obvious, and as **Brady** said earlier (p. 4), a **debt jubilee** and **Great Reset** is coming and this will involve a massive devaluation of the dollar. This is why official dollar reserves are being lowered [as seen above](#). Again, the only thing holding up the system is **confidence** (ignorance). For those in the precious metals space it is becoming well-known that **Crimex** is rigging the paper price, and especially for **silver**. This is why the day traders drove up **silver mining** ETFs in February to expose the shorts.

As seen in the chart above, funds like **SLV** spiked in February. Immediately, **Crimex** imposed new margin requirements to shake out the weak hands. Ronan Manly adds, "It's increasingly obvious that those few days in late January and early February when there were huge inflows into **SLV** and when the hit \$30, terrified the powers that be within the bullion banks and within the central banks that the silver market was about to explode. Which is why the silver price was not allowed to rise any further and which is why the CFTC and US Treasury was monitoring the action closely." Do you see how serious this is getting? The silver market is *tiny* compared to gold. The **evil banksters** have very little **physical silver**, and now the secret is out. Put simply, they are running out of physical. **Just look:**

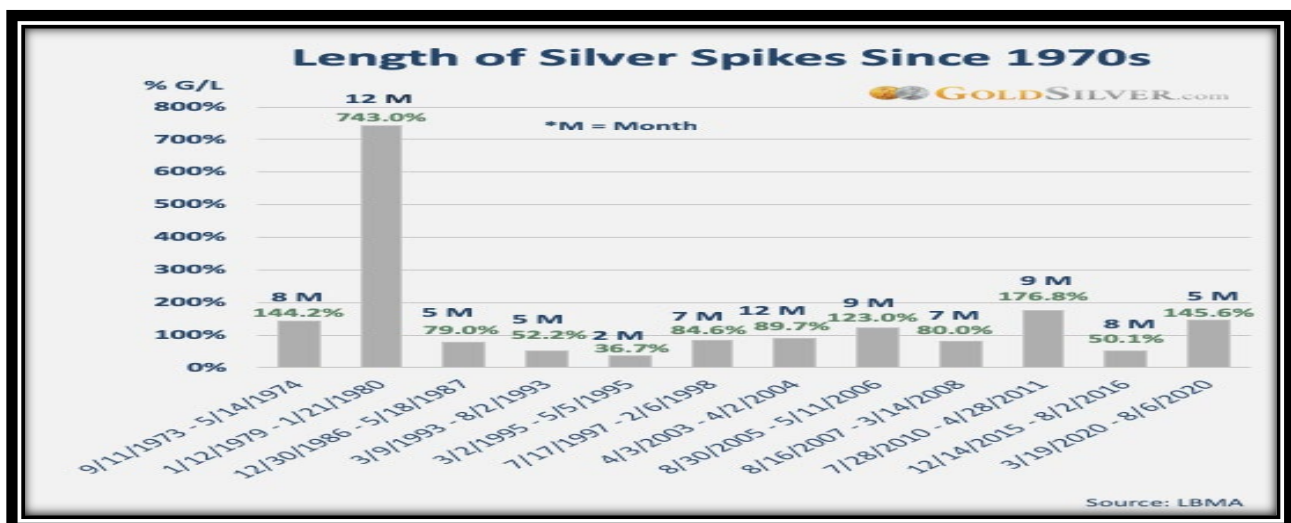

Is this bullish for silver? This is explosive for silver! What triggered this? Thanks to the **Internet**, the word is out how this game has been played. The **Millennials** at **WallStreetSilver** started this, and now it is a **movement** - you can see their **6-minute** introductory **video** at [THIS LINK](#) (very good). Is this campaign to drain the banksters working? Yes it is. **Crimex** is down to less than **130 million oz.** of **silver** for delivery (above). The eligible back-up is very doubtful. The **SLV** fund spiked, but the day traders realize that the **Sprott PSLV** is the way to go. "Today I bought more shares of **PSLV**," one trader posts, "We are taking them down one ounce at a time." **PSLV** backs up their fund with real **silver**, thus more effective than **SLV**. What is their goal? Nothing less than **\$1,000/oz.**, and that is what it should be adjusted for *real inflation* - see [THIS POST](#). One day trader posted this **2-minute CLIP** as a quick overview of the current silver squeeze, and mention is made how the banksters use **naked shorting** to hold down the paper price. Because **Crimex** is a paper futures trading market the banksters (commercials) are always shorting the forward contract for **silver** with **NO** intention of ever taking physical delivery. It is a spoof. They are bluffing. And they are bluffing now. **Crimex** and the **LBMA** in London are assuring traders that they have plenty of physical **silver**. They don't and they never have. As **Sun Tzu** instructed in *The Art of War*, "Appear weak when you are strong, and strong when you are weak." This is the weakest I have seen for physical delivery of **silver** at **Crimex** in all my years. If you have been holding **silver** for a long time, don't despair. It will pay off.

Intrepid silver investigator **Ted Butler** [has made a new discovery](#). We know that **JP Morgan** has acquired a stunning billion ounces of silver. It appears that **Bank of America** borrowed 300 million oz. to sell to the SLV ETF (to cover their butts). As **Butler** says, "BofA is now obligated to return 300 million ounces of physical silver to JPM someday. BofA is already in the hole for \$2 billion since it borrowed the 300 million ounces at an average price of \$18 or less and is already \$7 underwater. At some point BofA will wake up (if it has not already awakened) and try to buy back its excessive and decidedly unprofitable silver short position. That attempt by BankAmerica will prove to be exceedingly bullish for the price of silver." You can see how the banksters are **rehypothecating silver** ownership among themselves. **Ted Butler** concludes with this remark. "That much silver could never have been bought in the open market without launching the price to the heavens." Precisely, and that is why we call them **evil banksters**. In the following one hour interview by **veteran analysts** they explain in detail how and why they do this at **Crimex**.

### [\*\*Craig Hemke & Andrew Maguire: Epic Delivery Default at Comex\*\*](#)

In this informative exchange they refer to the entire **futures paper trading scam** as playing **musical chairs** when we were kids. And that is exactly what it is. It has been estimated that for every one ounce of **silver** there are *hundreds* of paper derivative contracts. When the music finally stops the **evil banksters** will be eating paper! Swiss money manager **Egon von Greyerz** has [recently estimated](#) that worldwide the actual paper derivative is more like *1,000 contracts* for **every ounce of silver**! Which would you rather have? As I mentioned in my last newsletter, the **Perth Mint** has run out of **1,000 oz. silver bars** and [had to source from China](#)! When mints and warehouses cannot settle in **silver** that is a **delivery default** (*force majeure*). This is what is coming. **Mexico** has just [suspended](#) the their **silver** libertad minted since **1821**! When the **US Treasury** stopped the convertibility of the **US dollar** for **gold** in **1971** - *that was a delivery default*! I leave you here with a [NICE interview with Chris Powell](#) from [GATA.org](#) that has been exposing the **gold/silver suppression scheme** for **20 years**. This was conducted by the enthusiastic founders of **WallStreetSilver** and he says that the **banksters** are using this plandemic as an excuse for **silver** delay and shortages. Not. The folks at **WallStreetBets** know better and so do you. A new bull market is coming in **silver**, and I will have some comments below.

**Conclusion.** Some people might remember when silver hit **\$50/oz.** back in **1980** (see above chart). Silver almost broke **\$50** in early **2011** and it got smashed. This is the *psychological barrier* for the **banksters** and they know it. Once that is breached we will see "price" to the heavens. As you can see **silver spikes** only last a short time. In other words, maybe **5-7** months. But this could be very different because **gold** is likely to be repriced to **\$10,000/oz.** or more, and even a ratio of **30:1** suggests **\$300/oz. silver**, and I suspect much higher. Regardless, if I can assist you with **silver** let me know. **Crimex** is playing musical chairs and **Wall Street** is a rigged casino ready to collapse. When this moment comes ALL distorted asset values will be **marked-to-market** and we will see genuine price discovery - what assets really should be valued at. **The Greater Fool Theory** is working for now, but that is because investors have confidence. Or as I like to say, "an optimist is one who does not know all the facts." This is why insiders are dumping their stocks (distribution). I've recently taped a **podcast** discussing gold and silver, markets, the **Fed**, US dollar, a monetary reset, **culture wars** and of course, **the vaccine passport**. You can click **my photo** or [HERE](#). You can also click [HERE](#) to purchase my **book**.

**Finally**, we are facing **medical tyranny**. It started with the **mask-shaming**. Now it is the **vaccine-shaming**, and I saw this coming. And it is splitting friends and family! **Group Think** has convinced us that the **mRNA** experimental vaccine is safe. The **MSM** keeps pounding this into our heads and this is known as **The Illusory Truth Effect** based on repetition. We need critical thinking and reason. I will not be taking a vaccine, and [HERE](#) are my **18** reasons why. At great personal risk, **Dr. Yeadon** has sounded the alarm along with others. A **global vaccine passport** will be abused. We are in the era of **technocracy** and this interfaces with **The Great Reset**. Learn more at **Pat Wood's** website [HERE](#). The **Devil** (Lucifer) is real and so is **raw evil**. The future may look dark, but we have the Light of the World, and **His** name is **Jesus**. "I am the way, and the truth, and the life, no one comes to the Father but through Me" (Jn. 14:6). **John** writes, "He who has the Son has the life, he who does not have the Son of God does not have the life" (1 Jn. 5:12). I pray that you have this life...this light. **Jesus** said, "While you have the light believe in the light, in order that you may become sons of light" (Jn. 12:36). We need a biblical worldview to understand this battle between light and darkness, good and evil.
